

Clarecastle Show Society Banner Brood Mare Championship

PACINO II

2020 168cm Bay Stallion

A genetic replica of Pacino (BWP) 2004 Bay stallion

Sire Diamant De Semilly (SF) Dam Dira Courcelle (SF) by Maguet Du Manoir (SF)

Pacino II is a beautiful, big, scopey model much like a carbon copy of the original. Pacino, by Diamant De Semilly and out of a Muguet Du Manoir mare, competed at the World Breeding Championships for young horses in Lanaken as a six-year-old, and as an eight-year-old was making his mark on Nations Cup teams. Pacino was on the Irish team that won the Hickstead leg of the Nations Cup in July 2012, and the following month did the same in Dublin, resulting in Ireland lifting the Aga Khan trophy. Pacino finished the year as the leading eight-year-old showjumper in the world.
